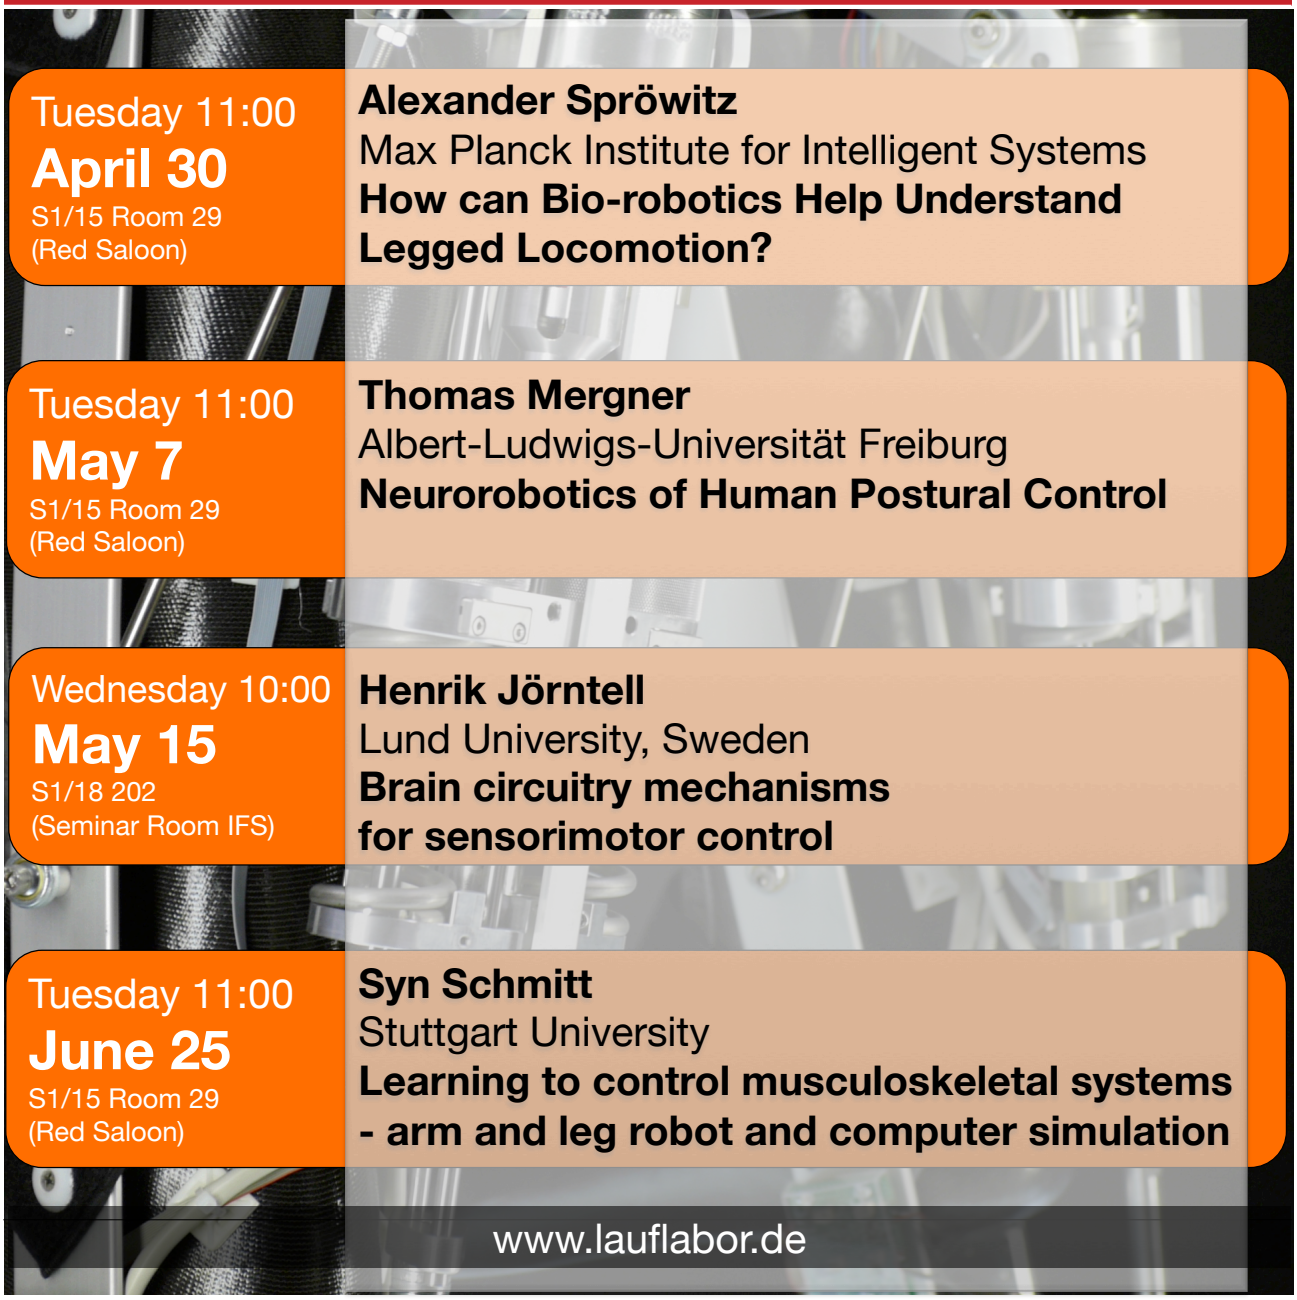
Lauflabor Lectures
on Movement Science

April, May and June 2019

Lauflabor Locomotion Lab

Insitute of Sport Science and Centre for Cognitive Science



Tuesday 11:00
April 30
S1/15 Room 29
(Red Saloon)

Alexander Spröwitz
Max Planck Institute for Intelligent Systems
How can Bio-robotics Help Understand Legged Locomotion?

Tuesday 11:00
May 7
S1/15 Room 29
(Red Saloon)

Thomas Mergner
Albert-Ludwigs-Universität Freiburg
Neurorobotics of Human Postural Control

Wednesday 10:00
May 15
S1/18 202
(Seminar Room IFS)

Henrik Jörntell
Lund University, Sweden
Brain circuitry mechanisms for sensorimotor control

Tuesday 11:00
June 25
S1/15 Room 29
(Red Saloon)

Syn Schmitt
Stuttgart University
Learning to control musculoskeletal systems - arm and leg robot and computer simulation
