Unite! OER courses

An open education initiative to develop
open science competencies within Unite!

The Unite! seed fund project aims to lead the charge in building courses on the topic of “Open Educational Resources” for students, lecturers, and staff to pave the way for a future Unite! Open Science Academy.

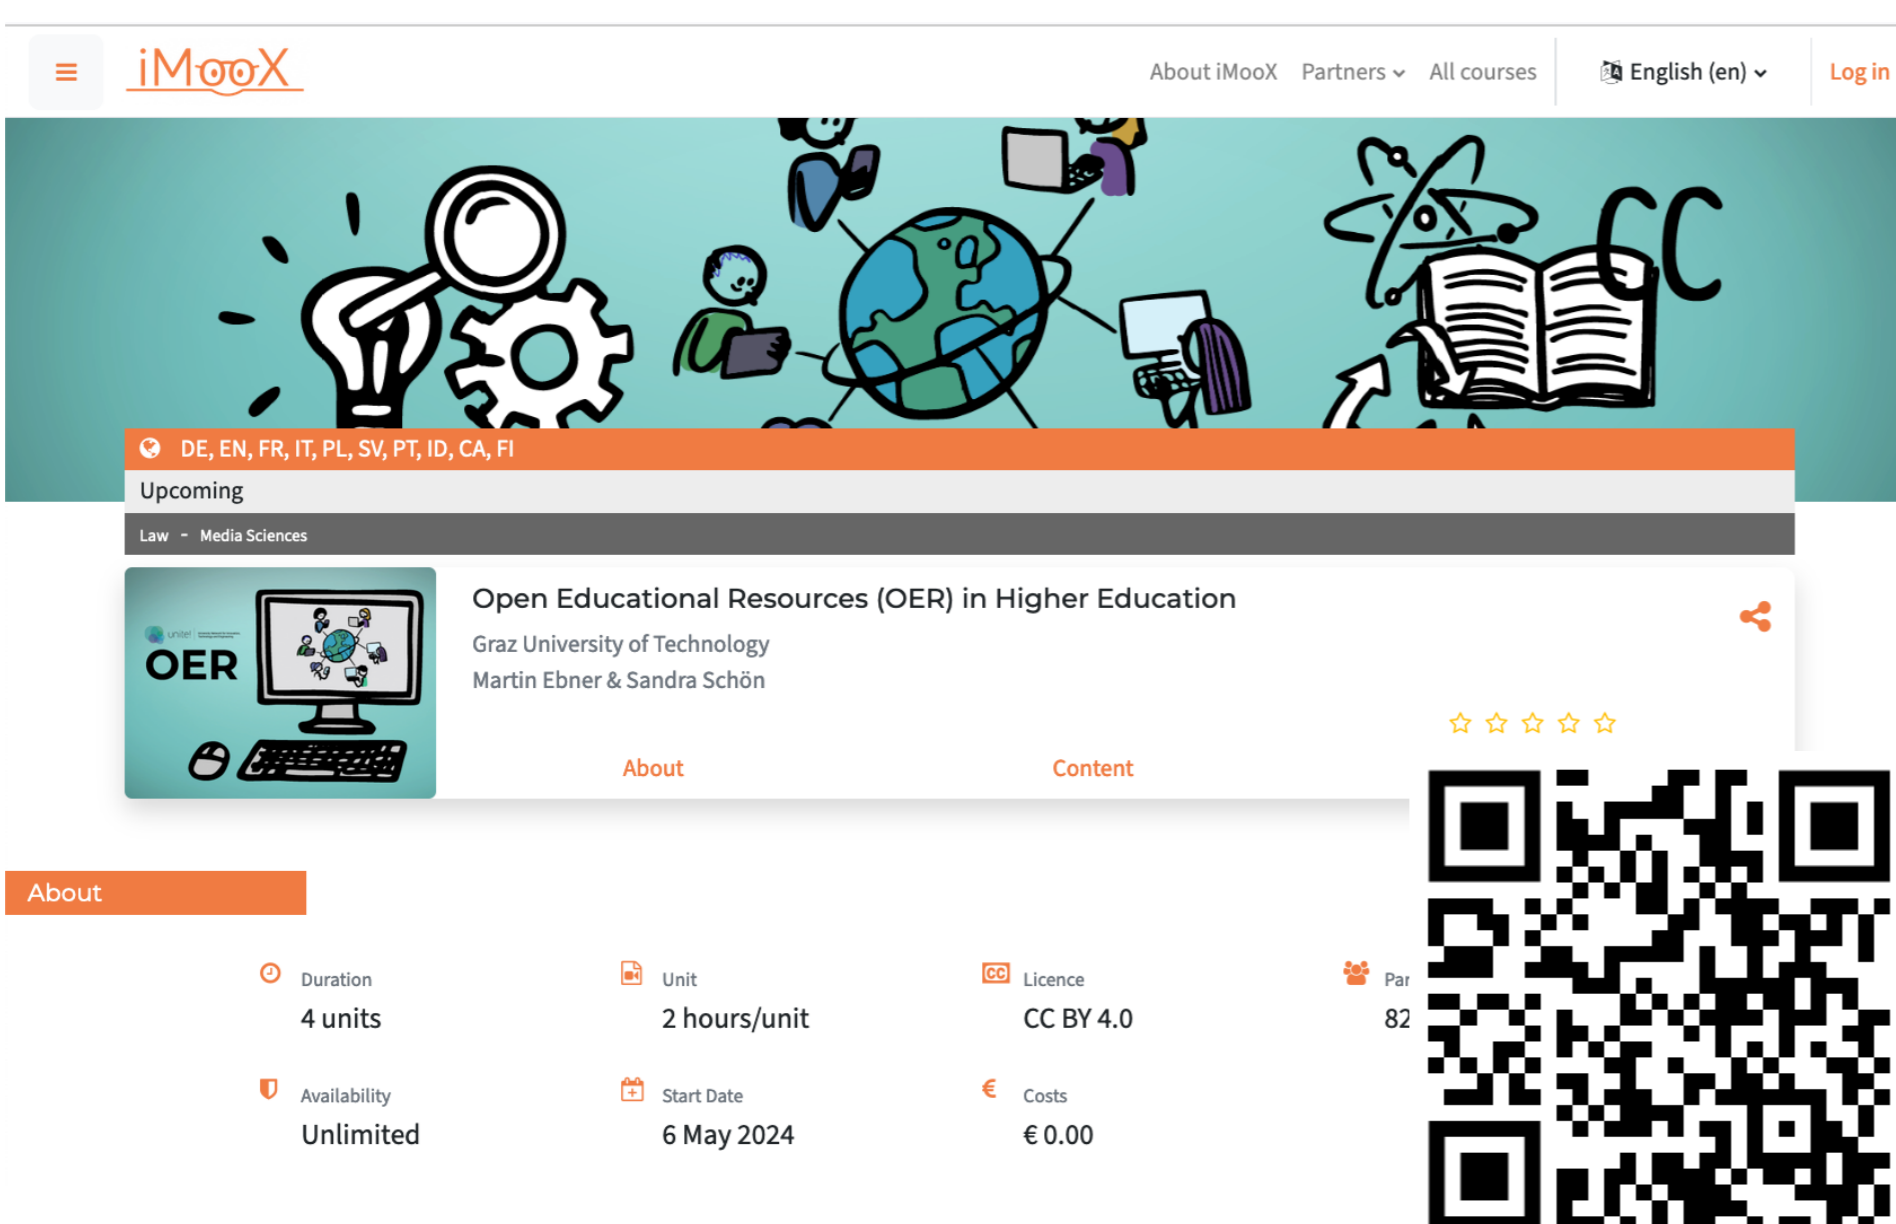

Part of Open Science Roadmap

As part of the “Unite! Open Science and innovation strategic roadmap”, this Unite! seed funded project with scientists from all nine Unite! partner universities has set these objectives to enhance Open Science competencies within its member institutions:

OER course in English

The international university course started in May 2024 for all Unite! students, lecturers and staff at the Unite! Metacampus (Unite!’s federated learning management system), incorporating the Austrian OER certification scheme.

OER capacity training for lecturers and lessons learned workshop in Graz - June 5/6th 2024

<https://imoox.at/course/OERinHE>

A multilingual MOOC about OER

An open course on the Austrian national MOOC platform, available in all languages of the Unite! partner universities, started on May 6, 2024, and is still available for everyone as a self-learning resource.
