The Teaching at Secondary Schools (Gymnasium) programme prepares students for the teaching profession in Secondary Schools from grades 5 to 13. It consists of two subjects, the Grundwissenschaftern and the Vernetzungspläne (MINT courses: Mathematik, Informatik, Naturwissenschaften, Technik), and includes practical phases in school and extracurricular teaching practice. With an orientation internship, an in-company internship as well as a six-month internship, the programme is quite practice-oriented.
