# Angewandte Linguistik Master of Arts

[www.gugw.tu-darmstadt.de](http://www.gugw.tu-darmstadt.de)

The M.A. Applied Linguistics program is a research-oriented degree programme that specifically teaches linguistic text competence and qualifies students for application-related questions in linguistics. Graduates should be able to produce, receive and critically analyze texts in a reflective manner and to impart knowledge from and about texts. Among other things, the degree programme offers in-depth training in text communication in various fields of activity as well as practical experience in professional communication, which enables a targeted deepening of these fundamentals.
