## Brief Description

The Master of Science programme Business Administration/  
Industrial Engineering – specialising in Civil Engineering deepens  
and expands the skills and knowledge acquired in the Bachelor's  
degree programme for planning, management, and construction  
organisation. Located at the interface of Business Studies and  
Engineering, the programme is particularly characterised by its  
research orientation. The Master's degree includes various other  
forms of learning to work scientifically (seminar papers, research  
papers, Master's Thesis) in order to gain initial experience in basic  
and applied research.
