ZSB ZENTRALE STUDIENBERATUNG UND -ORIENTIERUNG

Brief Description

The Master of Science programme Wirtschaftsinformatik deepens and expands the skills and knowledge acquired in the Bachelor's degree programme for planning, developing, and managing information and communications systems. Located at the interface of Business Studies and Informatics, the programme is particularly characterised by its research orientation. The Master's degree includes various other forms of learning to work scientifically (seminar papers, research papers, Master's Thesis) in order to gain initial experience in basic and applied research.
