## Featured Programmes (for Undergraduate & Postgraduate students)

### BEYOND THE CONCRETE JUNGLE: EXPLORING NATURE AND BIODIVERSITY

August 1, 2022 to August 5, 2022

Co-organised by the Lung Fu Shan Environmental Education Centre, this course is designed to help students acquire a comprehensive understanding of nature and sustainability in Hong Kong. Through various activities, students will learn about the features of the local ecosystem and its biodiversity, as well as the approaches in nature conservation and education in Hong Kong.

### CREATIVE INDUSTRIES: FROM START-UP TO SUCCESS

July 25, 2022 to August 5, 2022

This course introduces students to the idea of creativity, the emergence and nature of creative industries, and the ways creativity is commercialised, marketed, branded, and financed. Students will also be taught how to start a business in the creative industries and how to make the business successful.

### BUSINESS LEADERS FOR A CHANGING WORLD

July 18, 2022 to July 29, 2022

With a broad coverage of various topics, including accounting, finance, marketing, leadership and fintech, participants can acquire essential knowledge and develop workplace skills holistically. The programme is suited for students who are still exploring their field of specialisation, as well as those who have wide academic interests across the business field.
