Ginsen is a Bachelor-level summer programme fully taught in English, organised by Grenoble INP – UGA.

You wish to deepen your knowledge in Micro and Nanotechnology, while travelling the world and meeting new, exciting people from different cultural backgrounds?

Come and try our Ginsen Summer School! At the heart of the French Alps, you will study within one of the highest ranking French engineering institutes and have the chance to work in cutting-edge research facilities, while enjoying summer surrounded by gorgeous mountains and with Europe at your doorstep.

**Admission:** This option is open to students in Physics, Biology, Chemistry, Applied Physics, Telecommunication, Material Science or Electrical Engineering (Bachelor and first year of Masters degree level).

**Key dates:**
- **Application period:** December 13th 2021 – March 11th, 2022
- **Admission period:** March 14th - April 8th, 2022
- **Program dates:** June 20th - July 8th, 2022 or June 27th - July 8th, 2022

**Students have to:**
- Be at least 18
- Live in a country that allows you to come study in France
- Have at least an “independent speaker” or B2 level (according to the CEFR standard) in English

**Discover Ginsen Package (mandatory)**

**Program description:**
Scientific lectures, lab sessions and visits to high-tech R&D facilities, as well as fun extracurricular activities.

**Number of credits:** 2*

**Fees:** 1,000 € for 2 weeks, from June 27th to July 8th

**Fees include:**
- All lectures and practical sessions
- Accommodation in Grenoble, 1 private room per student
- Visits to high-tech scientific facilities
