

TECHNION

Israel Institute
of Technology

Technion - Israel Institute of Technology is Israel's premier center for science, technology, and applied research and one of the leading institutes of science and engineering in the world. With 18 academic departments, Technion is home to prominent faculty, among them three Nobel Laureates.

Technion's programs prepare students to excel in their future academic and professional careers. Experience Israel's high tech "Start Up Nation" culture while studying in English. Enjoy the vibrant academic and social atmosphere on campus. Live and learn with people from around the world. Discover Israel.

Summer Research Program in Science and Engineering

Gain hands-on research experience at the Technion!

Engage in Cutting-Edge Research: Undertake a research project in a field of interest to you. Work alongside leading faculty members in state-of-the-art laboratories.

Personalized Mentorship: Receive individual guidance and support from leading faculty members.

Skill Development: Acquire valuable research skills, enhancing your future academic pursuits.

State-of-the-Art Facilities: Utilize world-class research facilities and equipment at the Technion, a global leader in science and technology.

Vibrant Social and Cultural Program: Explore the beautiful city of Haifa and experience Israeli culture through exciting excursions and social activities.
