Interested in applying to Horizon Europe? Consortia building just got much easier

As a member of staff at TU Darmstadt, you have access to an Open Innovation network and virtual platform for universities, research organisations, and businesses seeking funding from the European Union's €95 billion 'Horizon Europe' programme. Crowdhelix can help build or strengthen your network in time for the first round of calls in the coming months.

Since this platform is designed to help you quickly build strong, diverse, impactful collaborative partnerships, we strongly encourage you to profile yourself, your expertise, track record and your ambitions in EU funded research.

You can get started on Crowdhelix by [clicking here](#).

Please contact the Crowdhelix Team with any specific questions on using the platform and building potential collaborative partnerships.

Sincerely,

Dr. Stina Preuss

Directorate Research Services and Technology Transfer
TU Darmstadt
