System Engineer for High Performance Computing  
(m/w/d)  
rabbitAI GmbH in Heidelberg

Our mission

rabbitAI is a young AI startup working in the field of computer vision. We provide accurate training data to solve challenging problems for various domains such as augmented reality and autonomous vehicles. We strive to improve AI in all machine vision applications to increase the safety, reliability and value of our customers’ products.

Do, what you love

In order to expand our business, we are now looking for someone to support us with our data infrastructure both in the cloud and on local servers.

• You will be tightly integrated into our team to plan and define end-to-end solutions consisting of hardware and operating system technologies.  
• You will be responsible for implementing and administrating high performance computing solutions to scale our products for our growing customer base.  
• You will build and maintain our data pipelines which run on premise and on the cloud.  
• You will manage our on premise and cloud IT services.  
• You will push our data security and user management services.

Your Skills

Ideally, you will provide the following skills to support us:

• Strong communication skills and ability to work in a team.  
• Solid understanding of Linux Server operating systems.  
• Experience with computer hardware and architecture, especially High Performance Compute (HPC) using GPUs.  
• Expert with HPC schedulers such as Slurm, PBS or similar.  
• Experience with databases and large data volumes.  
• Administrative experience with setting up user systems such as LDAP.

Your benefits

In addition to working in a highly technology-driven, young and dynamic startup, you will receive the following benefits:

• Permanent contract in full-time (40 hours / week)  
• Stock options  
• Flexible working hours  
• 30 payed vacation days  
• Competitive salary

After COVID, we expect you to come into the office on a regular basis, but we are flexible if you want to work from home several days a week.

If you want to make a difference with us, contact us at info@rabbitai.de. Please attach your résumé, references, and any other information you find useful as a single PDF.
