Voices of scholarship recipients

„The Deutschlandstipendium does not just involve financial support. With my funder's assistance, I can also gain interesting impressions of what I can actually expect in my future professional career. This practical experience will certainly smooth my path into working life.“

Student Civil Engineering and Geodesy (B.Sc.), 6. Sem.

„The DLS is like a double-bottomed treasure trove: a pile of gold on top, and collaborations and contacts underneath. This is what makes the DLS so unique: direct contacts to companies. In my case, this means I have the opportunity to write my Master's dissertation in my dream company directly.“

Student Teaching degree in Mathematics and History, 7. Sem.

„The Deutschlandstipendium has meant I can take part in an exciting field trip to Vietnam which I wouldn't have been able to afford otherwise. On top of this, at one of the meetings with my funder, I was offered paid work experience with one of the leading construction companies in Germany.“

Student Civil Engineering and Geodesy (B.Sc.), 5. Sem.

The Deutschlandstipendium

The Deutschlandstipendium has been supporting outstanding students at universities with one year of financial assistance since 2011. The scholarship provides students at the TU Darmstadt with a monthly sum of 300 Euro, which is independent of income and can be received in addition to BAföG. The first half of the scholarship is provided by private sponsors and the government contributes the rest.

Selection criteria

- Exceptional achievement in school and studies
