3. Motivation and expectation concerning the mentoring

Why would you like to participate in the **Big Sister** programme?

What would characterize a successful cooperation with your mentor for you?

Which topics would you like to talk about with your mentor?

Which expectations and wishes do you have towards your mentor?

Should your mentor also have a migration background?

Yes No It is not important to me

Should your mentor be studying in the same department as you?

Yes, she should be from the same subject/department

It would be no problem, if she is from a related engineering fields of study

Do you already know someone who you would like to be your mentor? Please note the name and department:

Which role does your migration background play within your studies?

There are clearly more men than women enrolled in your fields of study. Do you have an issue with this fact?

What do you expect to be different after your participation in the mentoring programme?

Do you have any ideas or suggestions concerning the framework programme of **Big Sister**? (f.e. Round tables with female engineers, workshop “intercultural competence”)

How did you find out about **Big Sister**?

Declaration of Agreement *

I agree, that my address data will be recorded to the mentee file of the **Big Sister** project and that my E-Mail address will be made accessible to the project participants. The private information and wishes concerning the mentoring programme and the mentor will be treated confidentially and will be exclusively used by the **Big Sister** project coordinator.

I herewith consent to meet my mentor on a regular basis over a period of nine months, to participate in the **Big Sister** framework programme and in the project evaluation.
